PROFILE

Experienced DevOps engineer adept in all stages of DevOps and DevSecOps. Bringing forth expertise in automation scripting, infrastructure maintenance, and site reliability practices. Equipped with a diverse and promising skill-set. Proficient in an assortment of technologies, including Kubernetes, Jenkins, Terraform, Splunk, AWS and Azure Cloud providers. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

EMPLOYMENT HISTORY

DevOps Engineer, Convoke Inc.

Arlington, VA

Oct 2023 — Present

- Built reusable Bitbucket Pipeline modules to support multiple micro-services utilizing Docker for running unit/integration tests and creating docker images that are promoted from development up through production.
- Wrote clean, concise and reusable Kubernetes configuration files utilizing Helm and ArgoCD to deploy multiple micro-services to developmental and production environments.
- Configured all environments to be PCI-DSS compliant.

Followed policies and procedures related to cost effectiveness, quality, and security standards at all times.

Senior DevOps Engineer, Tier 1 Consulting Group

Columbia, MD

Mar 2022 — Present

- Planned, developed, tested, and maintained Jenkins Pipelines for multiple micro-services from development up through production.
- Provided clean and concise Kubernetes configuration files for multiple micro-services from development up through production.
- Wrote clean and concise Terraform configuration files to deploy infrastructure from development up through production.

Lead DevOps Engineer, Tier 1 Consulting Group

Columbia, MD

Oct 2019 — Mar 2022

DevOps Engineer, Tier 1 Consulting Group

Columbia, MD

Mar 2019 — Oct 2019

Junior Software Engineer, Tier 1 Consulting Group

Columbia, MD

Jun 2018 — Mar 2019

- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Contributed to both a React front-end and Express.js back-end in the company's Beauty Zone project.
- Contributed to the Jenkins pipeline for the back-end service in the company's Beauty Zone project.

EDUCATION

Bachelor of Computer Science w/ Software Engineering, Towson University

Towson, MD

Aug 2014 — May 2018
